

Holiday Performance 2008

The Dance Corner is mounting its first Holiday production in December of 2008. All Dance Corner students are encouraged to take part in this exciting event.

The performance will be held at the Clinton Town Hall Auditorium on Thursday, December 18th (time TBA). There will be an onstage rehearsal on Wednesday, December 17th (time TBA) as well as in studio rehearsals on Monday and Tuesday, December 15th & 16th (times TBA). Regular dance classes will not be held this week.

Students who would like to perform in our Holiday production must be enrolled in dance classes during the 2007-2008 season, Summer 2008 and Fall 2008.

Students who want to participate in the Holiday Performance must enroll in a special “Christmas in July” session, July 22nd- July 31st. Students are also STRONGLY URGED to enroll in one summer class during the 2008 summer session. We will begin covering material for the Christmas show during our regular summer session classes. Families with vacation plans or other conflicts with the summer class schedule, should speak with Miss Carrie. We can try to work around your vacation plans to create a class schedule that works for you. We want as many students as possible to participate, so please speak with Miss Carrie about any scheduling conflicts.

Students can choose to perform in one or all styles of dance in the Holiday Performance, as long as they have been studying those styles during the 2007-2008 season. For example only students who took Irish Step class during the 2007-2008 dance year will be placed in Irish Step dances for the Holiday Performance.

Students will learn the Holiday Performance dances during the Christmas in July session. Some additional rehearsals will be scheduled in the fall, at no additional cost to dancers. Costumes for the performance will be purchased by The Dance Corner and returned to the studio after the event. Students may need to provide some basic costume pieces (e.g. scarves, leotards, clothing items you already have at home might be used as costumes). Families will pay a one-time fee for the “Christmas in July” session that will cover all costs associated with their child participating in the Holiday Performance (excluding tickets to the event). Our intention is to create a fun, festive and affordable event for students and parents.

ONLY STUDENTS WHO ATTEND THE CHRISTMAS IN JULY SESSION WILL PERFORM IN THE 2008 HOLIDAY PRODUCTION. Don't miss your chance to be a part of this event!

Space is limited in each age group. Please register and reserve your spot today!

Please see the reverse side of this notice for schedule and registration info
